

Merry Christmas

Dear Valued Clients,

Technological advancement requires continuous adaptation. Following the launch of our Korean OCR services last year, we are pleased to announce that iLen’s Chinese DTP and Project Management teams have now integrated Japanese language capabilities as of Q4.

By leveraging self-developed tools and refined workflows alongside this new Japanese language training, we have successfully achieved high-quality delivery of Japanese OCR projects using our existing teams. This milestone reinforces our commitment to “learning agility” – our strategy for maintaining quality and efficiency amidst industry challenges.

Thank you for your continued partnership. It is your trust that allows us to innovate and expand our service offerings.

We wish you and your team a wonderful holiday season, a Merry Christmas, and a prosperous New Year. We look forward to achieving new milestones together in 2026.

Sincerely,
The iLen Team

TESTIMONIALS

Thank you very much. I really appreciate your focus to details and experience in managing client’s special characteristics.

-- Stefanie SCHIERBAUM

I just wanted to take a moment to thank you for the delivery of the 13 files on time. This was a very urgent request and thanks to your team we have delivered the files to the client.

Once again, we greatly appreciate the cooperation from file prep up until DTP step.

-- HyeWon Choi

Thank you, looks good to me! Also, thank you to all our producers for doing their best! It was awesome work!

-- Vinod Iyer

Thank you for a superb job again. No alteration needed.

-- Mandy He

Thank you for bringing this to our attention! Your discovery is important to us.

-- Sonia

21-DAY FITNESS CHALLENGE: BUILDING A HEALTHIER, STRONGER TEAM

Amidst economic downturn and the challenges AI poses to the localization industry, the physical and mental toll of sedentary work is an increasing concern. In response, iLen launched a “21-Day Fitness Challenge” in Q3, designed to combat fatigue and foster positive momentum through physical activity.

The initiative served as a catalyst for employee revitalization. iLen Team members engaged in a wide variety of activities – from running and swimming to yoga – demonstrating a shared commitment to personal health and collective resilience.

The final results were immediate: regular exercise allowed the team to shed the fatigue of office work, resulting in improved physical health and sharper mental focus. At iLen, we believe that a healthy workforce is the foundation of sustainable business growth. By prioritizing employee well-being, we are building a more united and energetic team, fully equipped to drive the company’s continued success.
